

Classes Management & Reporting

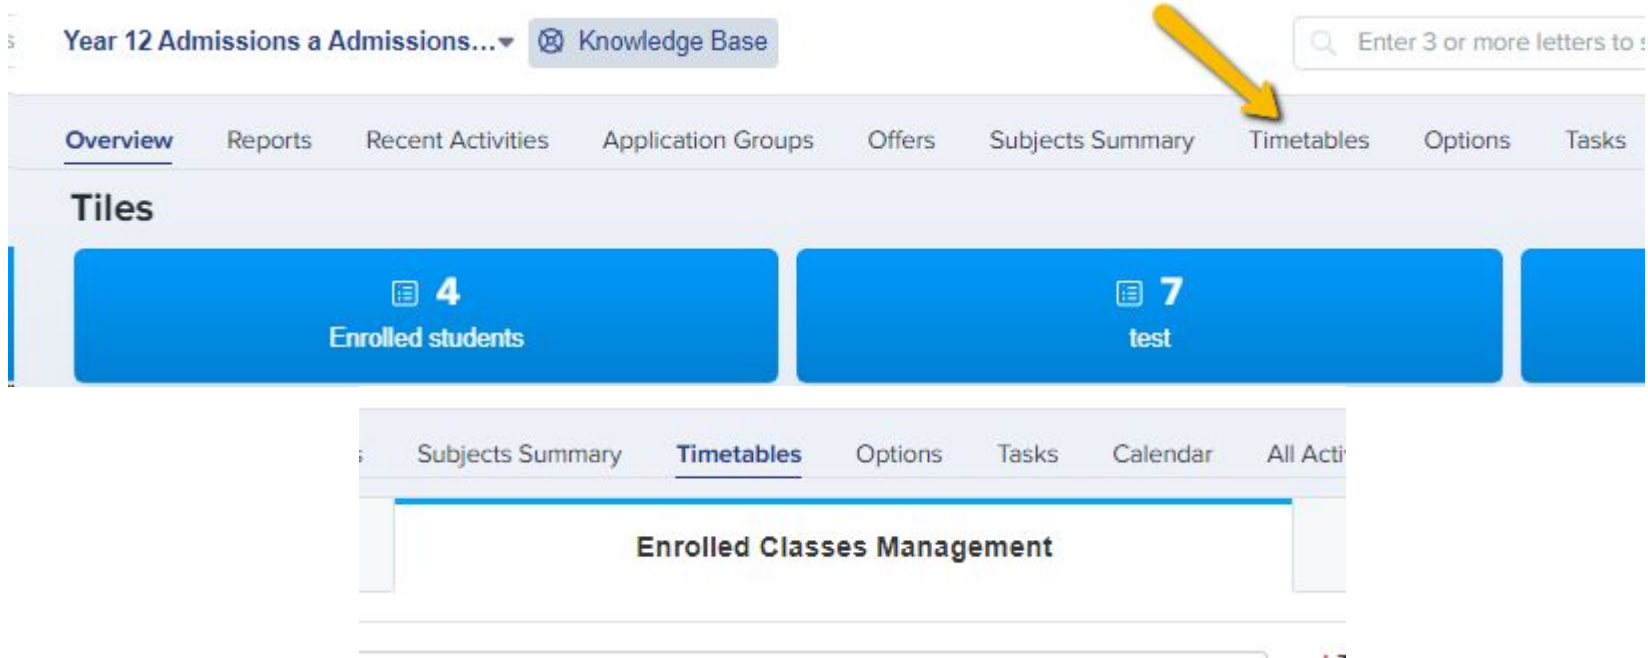

OVERVIEW

- Classes Management
- Enrolment Report
- Reporting
- Exporting Data

Classes Management

Navigate to the **Timetables** tab on your main dashboard and select **Enrolled Classes Management**.

You will be able to view all of your enrolled students, and their classes and you can change allocations centrally, rather than on individual student profiles.

You will see class sizes and be able to make decisions about where to move students to in the timetable, to balance groups or make case-by-case changes manually.

Unenroll from all classes and delete student

Back To Student Table

The screenshot shows a detailed view of the subject selection process. It features three columns: 'Block D', 'Block E', and 'Subject to be added'. In the 'Block D' column, there is a dashed box containing 'A Level Drama 12D/Dr - 2/2'. In the 'Block E' column, there is a dashed box containing a subject selection dropdown menu with 'A Level Drama' selected. A yellow callout box with an arrow pointing to the dropdown menu contains the text: 'Grab and drag the subject onto an available block'. Below the 'Subject to be added' column, there is a 'Select...' dropdown menu.

Once you have resolved that student's choices, you will be able to go **Back to Student Table** and then **Save Update**.

Block E	Subject to be added
A Level Drama 12E/Dr - 1/2	Select... v

Block D	Block E
	A Level Drama 12E/Dr - 1/2

A Level Drama 12D/Dr - 2/2	

Back To Student Table

- ✓ No classes are over their capacity
- ✓ All students meet their learning hours requirements

Discard Save Update

The **Free Up Space** function is useful if you have classes which are over capacity and you need to move students around so you can accommodate others - it works out possible resolutions for you, to save you working them out manually.

It will show you any students who could move to a different block, in order to free up spaces in the class which is already full.

	Block D	Block E

Enrolment Reports

Navigate to the **Timetables** tab of your main dashboard, where you will see the **Enrolment Report Page** tab.

This generates a report of your enrolment data and figures at that precise moment - it will be date and time stamped.

This is a useful tool for providing analysis to SLT, for example. It contains items such as a **subject analysis**, **gender balance**, and a **summary of achieved Maths and English grades** (including a list of those who did not achieve grade 4).

You can run the report as often as you like - it will always reflect that moment in time.

APPLICAA HIGH SCHOOL TEST

ENROLMENT REPORT 2025

This report creates a summary of the enrolment process at Applicaa High School Test on 2025-04-15.

In this report:

1. Enrolment Summary

2. Data Summary

3. Subject Analysis

4. Students Summary

5. Gender Balance

6. English & Mathematics

7. Previous School

8. Locations Of Students

9. Appendix: Student Lists

Creating Reports

Navigate to the **Reports** tab on your main dashboard.

Here, you can create reports, or charts, to display your key data for analysis.

If this is your first time visiting this area, you will need to **Create New Dashboard**.

Add any reports you want. Tell a story with your data and share it with your team.

Create New Dashboard

Once a dashboard is created and you have decided on the other settings, you can then create charts within that dashboard.

Click to **Add a chart to this dashboard** and then select **Students**. From here you can select what property to display and how to display it.

Add any reports you want. Tell a story with your data and share it with your team.

Exporting Data for Analysis

All data within your system can be exported to CSV. You can generate as many exports as you like, re-download them, and clone them as needed.

Navigate to **Data > Export > Start an Export**.

Select the file type you want to export; a **CSV of data**, or a **zipped file containing files the applicants have uploaded** (like their statement of results, for example).

Export student and parental contact data from the system to an Excel spreadsheet

Export student photos and documents to a Zipped File

You can export any data you need, but here are some CSV examples we come across quite regularly:

- **Application Form Subjects** - a file containing all of the subjects each student has applied for (Year 12).

A screenshot of a sidebar menu with three items: 'Calculated Properties' (0/8), 'Course Choices & Enrolment' (0/116), and 'Course Selection' (0/1). The 'Course Choices & Enrolment' item is highlighted with a yellow box. Below these items is an 'Education' section with a progress indicator of 0/28.

A screenshot of a table with six rows. Each row has a checkbox in the first column and a subject name in the second column. The first five rows are highlighted with a yellow box.

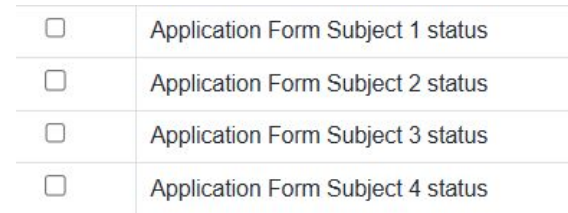

<input type="checkbox"/>	Application Form Subject 1
<input type="checkbox"/>	Application Form Subject 2
<input type="checkbox"/>	Application Form Subject 3
<input type="checkbox"/>	Application Form Subject 4
<input type="checkbox"/>	Application Form Subject 5
<input type="checkbox"/>	Application Form Subject 6

You can also export their **course choices by block** if they applied in Option Block format, and the **status** of each of their choices (qualified or not qualified) based on your specific requirements and their predicted/achieved grades.

A screenshot of a table with three rows. Each row has a checkbox in the first column and a course block name in the second column.

<input type="checkbox"/>	Interested Course Block A
<input type="checkbox"/>	Interested Course Block B
<input type="checkbox"/>	Interested Course Block C

A screenshot of a table with four rows. Each row has a checkbox in the first column and a subject status name in the second column.

<input type="checkbox"/>	Application Form Subject 1 status
<input type="checkbox"/>	Application Form Subject 2 status
<input type="checkbox"/>	Application Form Subject 3 status
<input type="checkbox"/>	Application Form Subject 4 status

- **SEN Status, Medical and Dietary Needs** - information to share with your Medical & Welfare Team and/or SENDCo.

Once an export is complete, you'll be prompted to download the file.

Export Finished!

34 students were processed!

Download file »

If you navigate back to your exports area (Data > Export) you will see a list of all exports, and you can complete various actions:

Name	Students	Output	User	Created	Status	Report	Download	Refresh Export ⓘ	Clone Export ⓘ	
Export All Students - 29 May, 2025 All Students	34	csv	Lucy Applicaa Customer Success	23 minutes ago	Completed					
Export All Students - 21 Aug, 2024 All Students	29	csv	Lucy Applicaa Customer Success	9 months ago	Completed					
Export All Students - 21 Aug, 2024 All Students	29	csv	Lucy Applicaa Customer Success	9 months ago	Completed					

Download - download a new copy of the export.

Refresh Export - runs the export again, for the same list of students, at this moment in time.

Clone Export - copies the export, but allows you to change the settings and/or run for a different group of students.

Bin Icon - delete your export.

The background features a collection of geometric shapes. A large, light blue hexagon is centered. To its top-left is a medium-sized grey hexagon. To its top-right is an orange parallelogram. To its bottom-left is a dark blue hexagon. To its bottom-right is a small light blue hexagon. Below the large hexagon is another small light blue hexagon. The text "Do you have any questions?" is centered over the large hexagon in a dark blue, bold font.

Do you have any questions?

THANK YOU
