

Taster Day Setup

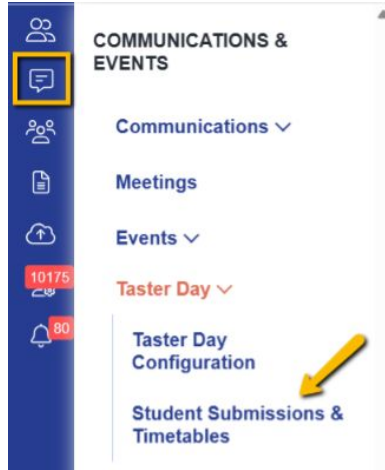

OVERVIEW

Our Taster Day feature gives you the tools to schedule your Taster Day sessions, including setting mandatory periods and a minimum number of sessions for students to select.

Set the sessions based on your school day; schedule taster lessons with available staff and set maximum class sizes so no groups become too large to accommodate.

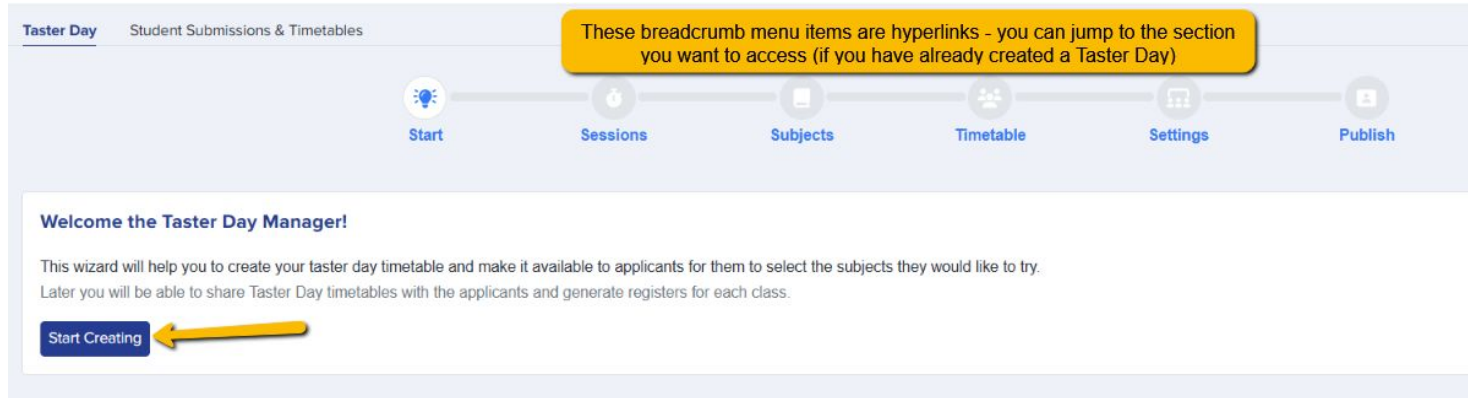

Students log in and select their sessions, and you can email them a copy of their timetable ahead of the day!

Accessing the Taster Day Wizard

Navigate to **Communications & Events > Taster Day > Taster Day Configuration**

This will take you to the beginning of the wizard if it is your first time accessing the area, or you can also click on the section you want to revisit if you have already commenced setup.

Sessions

You can add up to 10 Taster Days, and schedule the individual sessions per day to fit your timetable.
