

**New Cycle
Year 7 or
Primary
with SIF**

OVERVIEW

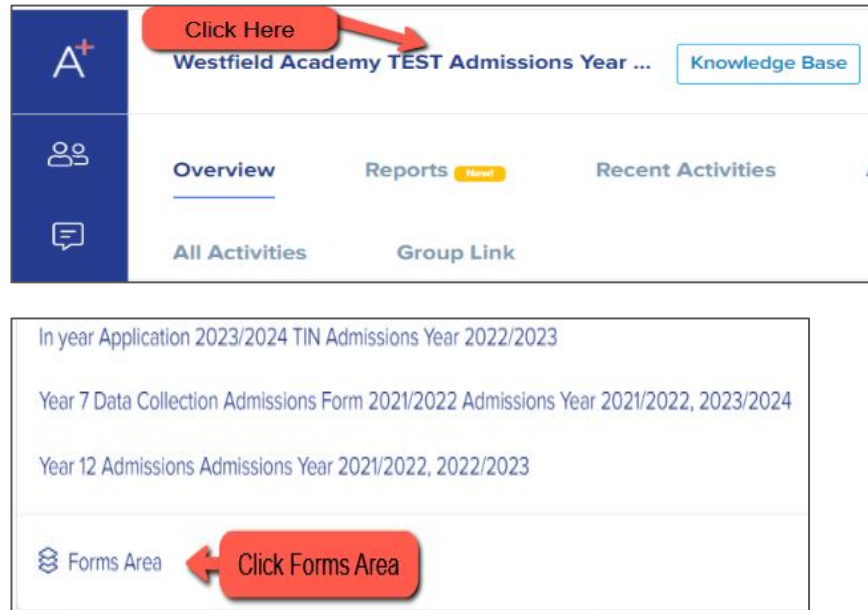

You can design your form to capture Supplementary Information, make offers to parents and then collect full data for those who are offered a place.

Our default template is designed to run as follows:

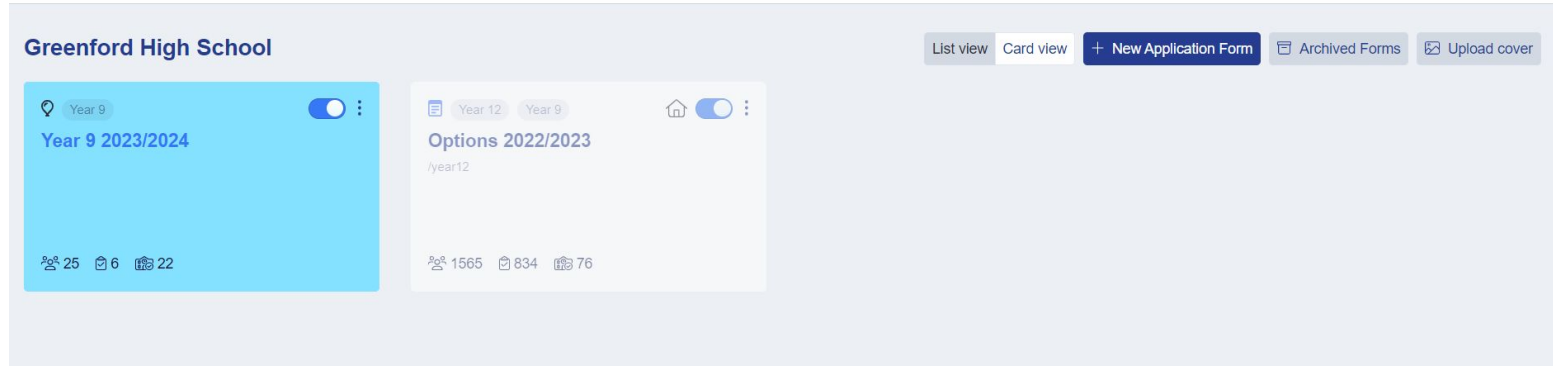

- Parents self-register (September to October)
- Parents complete their verification and log in to complete your SIF
- You review the submissions, commence the ranking process and submit these to the LA (November to January)
- You receive your offer list and import it, then use the Offers function to make offers to parents (March)
- Parents who have been made an offer log in, respond to the offer and complete your full admission form
- You transfer the completed data to your MIS

How to see your new form

Click on the blue wording in the upper left of your dashboard and then click “forms area/multiple forms”.

Your tiles area will appear and will look something like this:

Your new form will already have been created for you (cloned from your previous cycle) and you will see it in this area.

Turn the toggle switch on to make it active - it needs to be active to enable importing/exporting with your MIS.

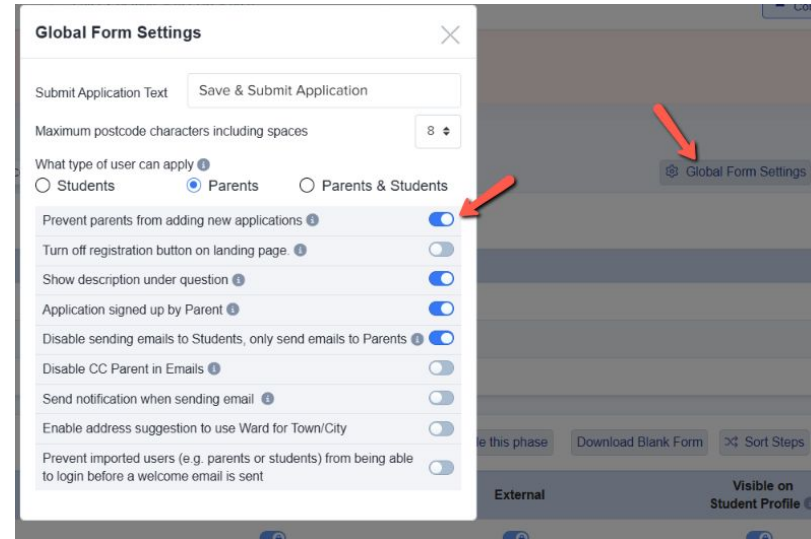

How to close your old form

Now that the previous cycle has finished, you don't want parents completing anything more on that form.

Click on the name of your 2025 form in your forms area to access the dashboard.

Navigate to **settings > application form > global form settings** and turn on "prevent parents from adding new applications".

Customise Application Journey

Easy View (Preview)

Advanced Step View

Phase View

Within phase view, click the pencil icon for your application form; turn on “disable submissions”.

This will ensure no existing forms can be edited and no new applications can be started on your old form - that data is now all managed within your MIS.

You could also turn all phases off if you wish, using the toggle switches.

Customise Application Journey Step View Phase View Global Form Settings + New Phase + Create Test Application

Click to turn on

You can also archive old application forms in your forms area if you wish to keep your main forms area tidy

Greenford High School

The screenshot shows the 'Greenford High School' interface. On the left, a blue card for 'Year 9 2023/2024' is shown with a kebab menu (three dots) highlighted by a yellow box and an arrow. The menu options are: 'Set as default', 'Open', 'Edit', 'Archive Form', 'Change color' (with a blue circle), and 'Change icon'. To the right, a white card for 'Options 2022/2023' is shown with a toggle switch and a kebab menu.

Year 9 2023/2024
/year9
25 6 22

Options 2022/2023
/year12
1565 834 76

Click the kebab menu to view your options; archive old forms, assign each form a colour and an icon

Archived Forms

Upload cover

Archived forms will be stored here

Add an image to your forms area if you wish (to replace the grey background)

Editing your Landing Page

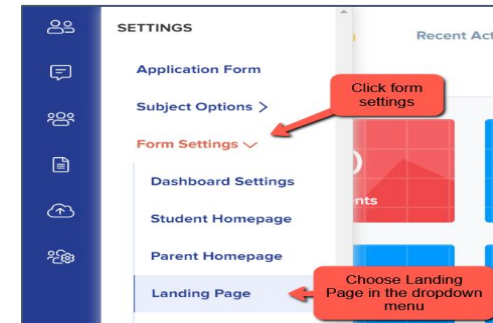

Navigate to **settings > form settings > landing page**.

Click the **“edit”** button to make changes.

Here you can edit your initial message to parents by clicking “customise texts and buttons”.

You can also add a pop-up notification - perhaps to tell them when the new cycle will open or give them information about forthcoming events?

You can also update any images here as needed, under “general settings”.

On your landing page, you should also ensure the form is set to allow parents to register, so they can create their own accounts and log in to complete your SIF!

Form Settings

[Dashboard](#)[Student Homepage](#)[Parent Homepage](#)[Landing Page](#)[Application Groups](#)

New Application area hidden completely

Editing your Parent Homepage

(settings > form settings > parent homepage)

On the Parent Homepage you can add a general message, and a welcome message specific to the intake you are currently working on.

You should also ensure your settings are as follows, at the bottom of the page:

Children Status Config

Button text for new application button	<div>Rename these to wording that is appropriate to your setting</div>	Start New Form
Button text for continue application button		Continue Form

Show Application Status	<div>Tells parents whether or not they have submitted their SIF</div>	<input checked="" type="checkbox"/>
Show Offer Status	<div>Tells parents whether or not an offer has been made to them</div>	<input checked="" type="checkbox"/>
Show Courses You Wish To Study		<input type="checkbox"/>
Show Reference Status		<input type="checkbox"/>
Show Add New Application Button	<div>Enables them to create a new SIF for their child/children</div>	<input checked="" type="checkbox"/>

Checking your email templates

The email templates area is really useful and can automate a lot of your processes!

There are several automated emails you will need to check - you can preview and edit them by scrolling right on the table

Created when	Repeat	Enable	Actions
to interview	N/A		

You can edit, move to folder and delete using these icons

A screenshot of a table showing email templates. The table has four columns: 'Created when', 'Repeat', 'Enable', and 'Actions'. The first three columns are empty. The 'Actions' column contains three rows of icons: a pencil, a folder, and a trash can. A red callout box with an arrow points to these icons, stating 'You can edit, move to folder and delete using these icons'. The table also shows a row with the text 'to interview' and 'N/A'.

Manual Messages:

Create any manual templates now so they are set and ready to use later on in the cycle - future you will be grateful!

Check who the emails are being sent from and who the replies will come to - set your defaults here:

If you are seeing “admin@aplica.com” in the From address, this means you have not requested a DNS update. You can request this by clicking this icon and adding the details for your IT Manager - it will then mean you can send emails from your own school domain!

Insert mail merge fields and add attachments as required to personalise your messages.

By using personalisation tokens, you can mail merge personalised content to your recipients.

Paragraph

Hi ;{{STUDENT_FIRST_NAME}};

Congratulations,

Thank you for completing your application for 6th form.

We would like to invite you to enroll on {{DATE}}.

On this day you must be here in person and you will be asked to select your subjects. You will only be able to enroll on courses where you have meet the entry requirements.

You will need to on that day:

1. Check your personal details.
2. Select your subjects
3. Meet with our senior member of staff on your enrolment will start on {{TIME}} and it will take place in {{ROOM}} If you have any questions please contact Mr Brown.

This can be done by phone on 5555 5555 55 ext: 555 or you can email on admin@demoschool.com

Dear {{CONTACT_FIRST_NAME}} {{CONTACT_LAST_NAME}},

I am pleased to learn from the Local Education Authority that your child has been allocated a place at {{SCHOOL_NAME}} from September.

The next step now is for you to complete our online data collection form. This provides the school with all the information required ahead of your child joining the school.

Please use the log in details and link below:

Below is your login details for {{SCHOOL_NAME}}

Email: {{CONTACT_EMAIL}}

Password: {{CONTACT_PASSWORD}}

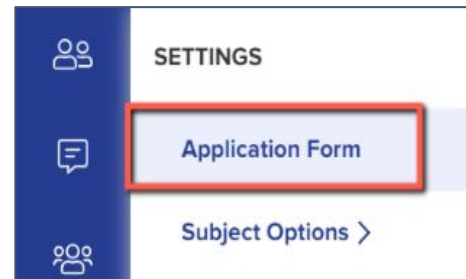

Website: {{LINK}}

We look forward to hearing from you.

Kind regards

Your application phases and settings

Navigate to **settings > application form > phase view** and turn on all three phases (visible to applicants).

You should also check the names of your phases to ensure they are appropriate to your intake. If you are using our default form, these will already be customised for you, or you can customise them yourself by clicking the pencil icons:

Application Form Area

Settings > Application Form

Our default template is already customised based on recommended best practice, but of course you can customise each phase to suit your own needs.

The default setup is:

- Parents complete Parent Registration step - this creates their account
- Parents log in and complete your SIF phase - completing Child's Basic Details, Parent/Carer and Admissions Criteria only
- You review the forms and complete and submit your rankings
- You receive the offer list in March and can import this into Admissions+
- Work through your offer list and make offers to the correct parents, using the “make offer” template
- Parents who receive an offer log in, respond to the offer and then complete all of the steps on your Admissions Form
- Once data has been collected, you transfer that data to your MIS

Any data completed in your SIF phase will auto-populate into your Admissions Form phase, so parents can see the answers previously given and make any amendments as necessary.

Within step view, make any changes to questions/fields - have you got new User Defined Fields to add in? Are there questions you wish you'd asked applicants last cycle? Now is the time to add those in!

Navigate to **settings > application form** and click on the name of a step to open it.

Click “+ New Question” and you will be prompted to choose what you would like to add.

UDFs can write back to your MIS, so they are great for capturing extra data that you don't have to manually input - you'll find them under “Pre-defined questions and fields”.

You can also add questions in as “Custom Questions” - these will NOT write back to your MIS.

Here is a link to our [form customisation guide](#).

Add a new question

Pre-defined Question & Fields

MIS Compatible

Custom Question

Non-MIS Compatible

Explanation Text Block

Add paragraphs to the form so you can explain more details to applicants.

Close Next

There is the option to configure your **address settings** so they migrate correctly into your MIS as per your school's setup.

The screenshot shows the 'Address Block Configuration' interface. At the top right, there are two buttons: 'Apply to Existing Addresses' (highlighted with a red box) and 'Report'. On the left, there are input fields for 'Address 1', 'Address 2', 'Address 3', 'Town/City', 'County/State', 'Country', and 'Postcode'. A red callout box points to these fields with the text: 'Set to the format that works best for you by selecting the options shown and then click "test"'. Below these fields are radio buttons for 'ALL CAPS' and 'Normal Case' (selected). At the bottom left, there is a 'Test' button (highlighted with a red box) next to a text input containing '2 Westfield Road, Wigginton, YORK, YO32'. On the right, a 'Preview' section shows the formatted address: '2 Westfield Road', 'Wigginton', 'York', 'North Yorkshire', 'United Kingdom', and 'YO32 2JF'.

Navigate to **settings > school settings > address mapping**.

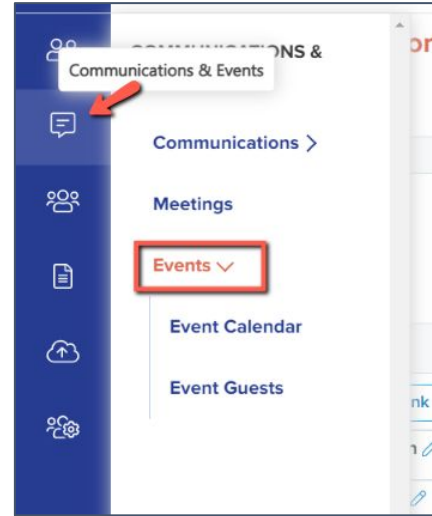

Here is a link to our [guide](#)

You will see the option to configure your address format, test how it appears and apply it to all addresses already in your system to ensure they are formatted correctly ahead of your import!

Setting up open evenings and events

You may want to set these up in one of two ways: for attendees to register for a place, or just to show on a calendar for applicants to be aware of the event taking place

Navigate to **communications and events > events > event calendar**.

Events

[Events](#) [Event Guests](#) [Event forms](#)

No events found

Search for events...

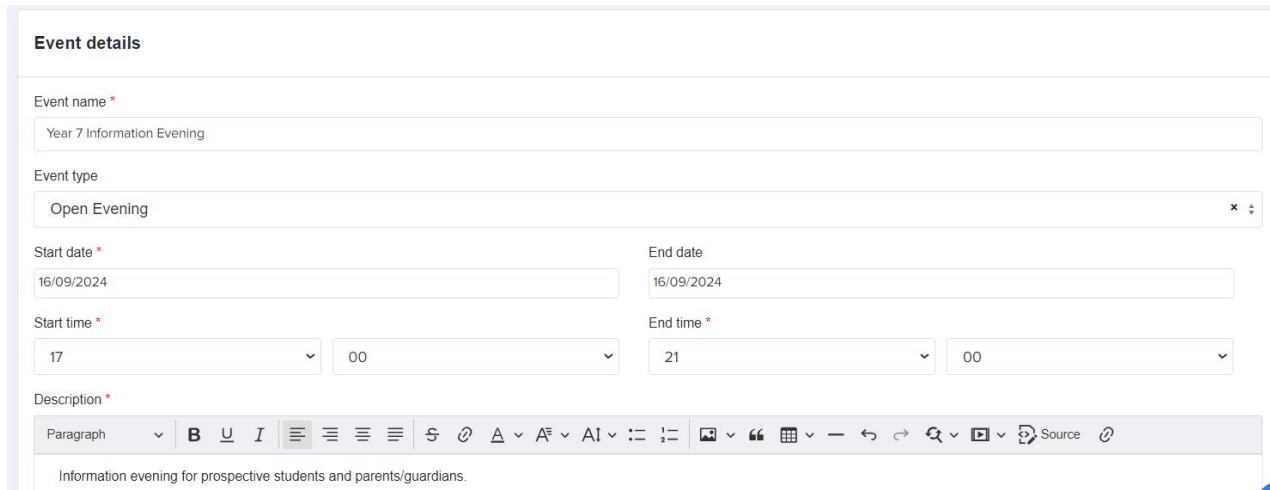

+ Add New

Show/Hide Event Calendar

Show event calendar on landing page

Click to create a new event and set your parameters:

The screenshot shows a web form for creating an event. The form is titled "Event details" and contains the following fields and options:

- Event name ***: A text input field containing "Year 7 Information Evening".
- Event type**: A dropdown menu showing "Open Evening".
- Start date ***: A date input field showing "16/09/2024".
- End date**: A date input field showing "16/09/2024".
- Start time ***: Two dropdown menus for hours and minutes, showing "17" and "00".
- End time ***: Two dropdown menus for hours and minutes, showing "21" and "00".
- Description ***: A rich text editor with a toolbar containing icons for Paragraph, Bold, Underline, Italic, Bulleted List, Numbered List, Decrease Indent, Increase Indent, Link, Unlink, Text Color, Background Color, Text Color (dropdown), Background Color (dropdown), Text Color (dropdown), Bulleted List, Numbered List, Image, Quote, Table, Horizontal Line, Undo, Redo, Find, Print, and Source. The description text area contains "Information evening for prospective students and parents/guardians."

Specify settings - where would you like to display the information about this event? Are there limited places?

If you would like to email registrants to confirm their booking you can do so - this is covered on the next slides.

To link an email to your event, navigate to your email templates area and go to “manual messages”. Create a new message and ensure the recipient is “Event”.

IMPORTING DATA TO YOUR MIS

The process of importing your completed data into your MIS varies, depending which MIS you use.

Check the relevant guide on our [Knowledge Base](#) to follow the steps specific to your MIS.

If you have any difficulties please call us on 020 3667 0764

Update Staff Users

Check your list of staff users, particularly if you have had a change in personnel over the summer.

Ensure any staff who no longer work there are removed, and that new colleagues are added.

Set your Key Contacts - anyone set as a Key Contact will receive information from us such as important system updates, invitations to events etc (we send these by email).
